- The scrutiny and shortlisting details of this recruitment case were initially uploaded on the official website of the Commission on 02.05.2022.
- The candidates were given a window to express their concerns through email till 17th May, 2022.
- It was also mentioned that all the e-mails will be examined but no individual response to any such mails would be given as indicated earlier. It was further assured that the revised scrutiny and shortlisting details would be uploaded in due course.
- A total of 18 representations have been received and all of them have been examined.
- Some of the e-mails just informed that the applicants could not find their Roll Numbers among the shortlisted candidates or among the rejection ones. This is due to the fact that though we had considered all the applications, many could not make it to the Consideration Zone of 641 applications as per the criteria adopted for various categories. Their applications were rejected under LEC (Lacking Enhance Criteria) category on account of having experience lower than the enhanced criteria adopted for respective categories.
- Some of the e-mails only give excuses for the inability of the candidates to adhere to the instructions of the Commission and the additional information to the candidates described in each advertisement.
- Few candidates who were earlier rejected but now found to be eligible after examination of representations have now been shortlisted and included among the list of the candidates to be called for interview.

- Accordingly, the revised scrutiny of applications is as under:-
