RECONSTRUCTING PASSAGES

Directions for the following SEVEN items: In the following SEVEN items, there are six sentences marked S1, P, Q, R, S and S6. The position of S1 and S6 are fixed. You are required to choose one of the four alternatives given below every passage which would be the most logical sequence of the sentences in the passage and mark your response on the Answer Sheet.

40. S1: It was said that the eclipse of the Sun would be visible from Benaras.
S6: The spectacle was vastly more extraordinary.

P: For it was not to look at the moon’s silhouette that we had rowed out that morning on the Ganges; it was to look at the Hindus looking at it.
Q: Not that we minded.
R: But it needed more than smoked glass to see it; the eye of faith was also indispensable and that, alas, we did not possess.
S: Partial to the point of being non-existent, the eclipse remained, for us at least, unseen.

The proper sequence should be:
(a) RSQP
(b) PQSR
(c) PSQR
(d) SQRP

41. S1: Feeling thoroughly annoyed with himself and his luck, the fisherman bent over the bridge to see where his keys had gone.
S6: There was nothing left for him to do but walk sadly home.

P: His anti-thief lock had immobilized his car.
Q: There he discovered that he had locked the doors and could not get in.
R: As he did so, the bridge collapsed and he fell into the river, this was the last straw.
S: The fisherman crawled out of the river and went back to his car.

The proper sequence should be:
(a) PQRS
(b) RQPS

42. S1: The open and disguised unemployment in the rural areas is often thought to be due entirely to population growth and no doubt this is an important contributory factor.
S6: The lack of capital can explain a low level of productivity but it cannot explain a lack of opportunities.

P: It is said that they cannot work because they lack ‘capital’.
Q: It is the product of human work.
R: But those who hold this view still have to explain why additional people cannot do additional work.
S: But what is ‘capital’?
The proper sequence should be:
(a) QRPS
(b) RPSQ
(c) SQPR
(d) PRQS

43. S1: To use information—to enjoy it, to profit from it—one must have access to it.
S6: In free societies, the presumption is in favour of free flow.

P: And access to information and technologies that communicate information is not an assured right in many parts of the world.
Q: The choice is essentially between efforts to control the flow of information and efforts to encourage it.
R: Public policies, for example, will profoundly shape our lives in this new age.
S: Such policies are founded on fundamental philosophical assumptions concerning political freedoms to communicate and receive information.

The proper sequence should be:

COMPREHENSION

Directions for the following FOUR items: Read the following passage and answer the items that follow.

PASSAGE

Robert and I went out to shoot one day last April, and all would have been well if a fox had not crossed our path as we were leaving the village. Robert, as you know, is a poor Shikari with little knowledge of the jungle folk, and when after seeing the fox, I suggested we should turn round and go home, he laughed at me and said it was child’s talk to say that a fox would bring us bad luck. So we continued on our way. We had started when the stars were paling and near Garuppu, I fired at a chital stag and unaccountably missed it. Later Robert broke the wing of a peafowl, but though we chased the wounded bird as hard as we could it got away in the long grass, where we lost it. Thereafter, though we combed the jungles we saw nothing to shoot, and towards the evening we turned our faces towards home.
