Passage
Over-population is the most pressing of India’s numerous and multi-faceted problems. In fact it has caused equally complex problems such as poverty, under-nourishment, unemployment and excessive fragmentation of land. Indisputably, this country has been facing a population explosion of crisis dimensions. It has largely diluted the fruits of the remarkable economic progress that the nation has made during the last four decades or so. The entire battle against poverty is thwarted by the rapid increase in the population. The tragedy is that while over-population accentuates poverty, the country’s stark poverty itself is in many areas a major cause of over-population.

51. What is the irony behind the over-population of India?
   (a) Over-population gives birth to poverty, which (poverty) itself is the cause of over-population

Passage

To eat and not be eaten—that's the imperative of a caterpillar's existence. The leaf roller reduces its risks of being picked off by predators by silking together a temporary shelter in which to feed and rest. Adopting a different line of defense, the jelly slug extrudes a sticky translucent coating that may foul the mouth-parts of marauding ants. For its part, the aquatic larva, by its watery element, fashions a portable hideout from fragments of aquatic leaves. Cutting a serpentine trail as it feeds on tender young leaves, the minute citrus leaf miner spends its entire larval life inside its host plant, thus keeping its appetizing body safely under wraps.

56. Which varieties of caterpillars 'build' shelters to protect themselves?
(a) Leaf roller and aquatic larva
(b) Leaf roller and jelly slug

Passage

I have always opposed the idea of dividing the world into the Orient and the Occident. It is, however, the tremendous industrial growth that has made the West what it is. I think the difference, say, between India and Europe in the 12th or 13th century would not have been very great. Differences have been intensified by this process of industrialization which has promoted material well-being tremendously and which is destroying the life of the mind, which is in a process of deterioration, chiefly because the environment that has been created by it does not give time or opportunity to individuals to think. If the life of the mind is not encouraged, then inevitably civilization collapses.

(b) the East and the West respectively

   (d) Industrialization had not yet taken place

63. In the opinion of the author, Industrialization is
   (a) an absolute blessing
   (b) an absolute curse
   (c) neither a blessing nor a curse
   (d) more of a curse than a blessing

   (a) endowed with low mental powers
   (b) too lazy to exert its mental powers
   (c) taught that physical activities are more important than mental
   (d) brought up in an environment unfavourable to the growth of the mental life
